About Leila Day and our Annual Spring Fair

Leila Day Nurseries, Inc. is a not-for-profit child development center in New Haven, CT. Established in 1878 to provide care for children of immigrant working mothers, Leila Day continues to be an integral part of the local community nearly 140 years later. We provide play-based early childhood education to an economically and culturally diverse group of children ages 3-8 in our preschool, kindergarten and after school programs to ensure our students develop a life-long love of learning.

The Spring Fair is a children's event open to the public and organized by the Leila Day parent community. It is the school's primary fundraiser to support our sliding fee scale. This year we are providing financial assistance to 57% of our families, 45% of which pay less than 50% of the full rate of tuition.

We rely heavily on our student volunteers for the success of the Fair, and place volunteers wherever they are needed. In recent years they have done things such as face painting, games, crafts, nail painting, helped children get on/off the zip line, etc. We are happy to sign off on any community service hours that students require and volunteers usually have a great time! Volunteers that are working for the entire Fair will get a lunch break (pizza is provided).
